Experiential Education

Want to be a stronger, collaborative social worker? **Inter-Professional Education (IPE)** gives you real-world experience working with other professionals like nurses, doctors, and educators. Empower your future with IPE!

Join Us At An

Practicum Education

Why Practicum Education?

Internships are a vital step in social work, providing the real-world experience required for graduation, licensure, and long-term success. In your final semesters, you'll gain professional skills while our Practicum Education Specialists help match you with agencies that meet our standards and align with your career goals.

Did You Know?

- Practicum is the signature experience of the BSW—where students move beyond theory and step into the role of a social worker.
- You will receive extensive hands on training with community agencies.

Our Students Thrive Here!

The School of Social Work is proud to have 63 full-time faculty members, along with 100+ community instructors who bring their professional practice experience into the classroom. We also have an engaged student body of over 2,300 learners from across the nation and world. Through our in-person and online programs, students share experiences and gain fresh perspectives on advancing social justice in communities.

Community/Junior College transfer students could earn two degrees in three-years, BSW & MSW! Stay to get your MSW and increase your earning potential!

Step In—You Were Made For This!

Why Transfer?

Community & Junior College transfer students usually complete the BSW program in two years, and if eligible for Advanced Standing, can earn their MSW degree in just one year!

Every Student Thrives Here!
