Senior Transitions: Open-Ended Responses

The University of Texas at Arlington

The final question of the Senior Transitions module asked students to respond to the following question in an open text box:

"Is there anything your institution could have done better to prepare you for your career or further education? Please describe. "

Important:

- Confidential student responses to this question appear on the following pages. Because open-ended responses are confidential, student identifiers are not given in this report but are provided in a separate SPSS data file. For this reason, please use discretion when using, storing, and disseminating the SPSS file.
- These open-ended responses appear exactly as the students entered them and **may not be suitable for distribution without prior review**. Faculty members, administrators, or other students may be mentioned by name, and responses were not edited for grammar, offensive language, excessive length, or otherwise questionable content.
- Open-ended responses are sorted by class, enrollment status, and sex. Information for these variables was provided by your institution.
