

Teaching Teamwork Skills

Is putting students into groups and asking them to work together enough to help them develop their teamwork skills?

IE Class Periods Spent Teaching Teamwork Skills

Beginning of Semester Student Quotes

"I do not like to rely on anyone else to get a job done."

"Other team members may not be as dedicated as expected and communication can be difficult."

"Teamwork is full of uncertainty."

End of Semester Student Quotes

"What went well in today's activity was everyone participated, there were no disputes or arguments of what to do, we trusted each other's judgment and we believe we performed well together."

"We worked together sharing our ideas calmly."

"Communication went well, along with dividing up the tasks keeping in mind people's strengths and weaknesses."
