Turn Off the Pop up blocker for all browsers

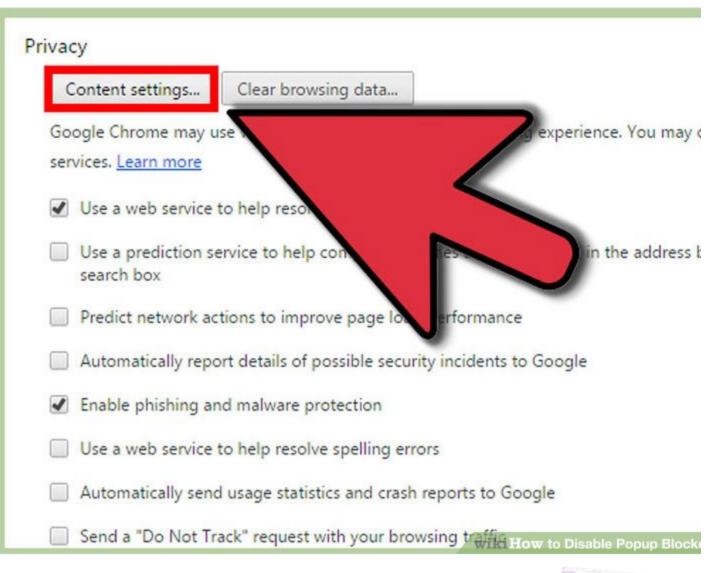

Access the Google Chrome menu on the toolbar. The menu on the toolbar is at the top right of your browser.

2 Choose "Settings."

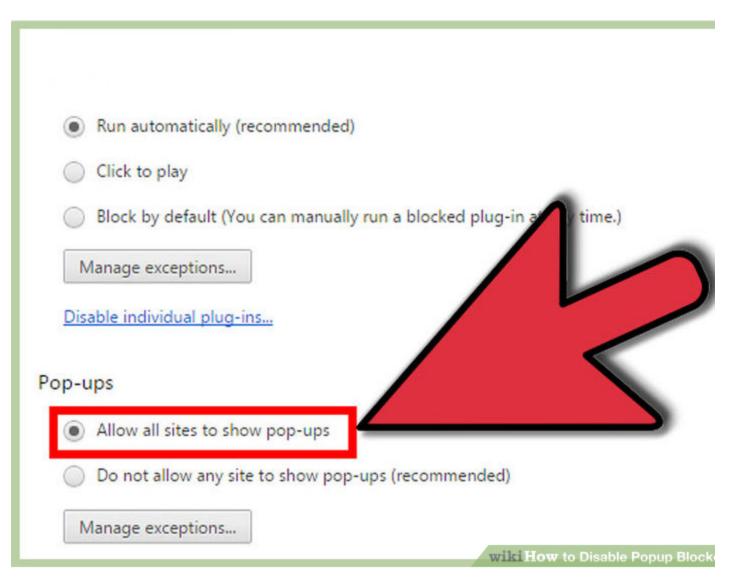

Find "Show advanced settings" at the bottom of the page and click it.

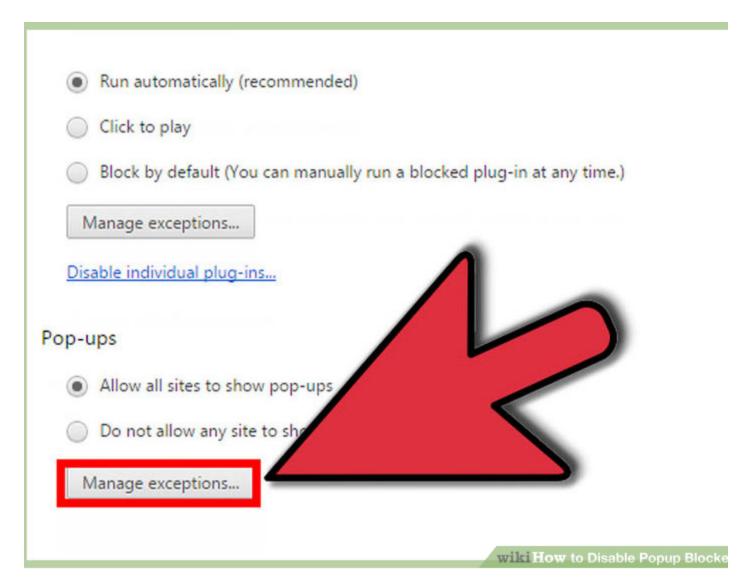

4

Under "Privacy," click on "Content settings."

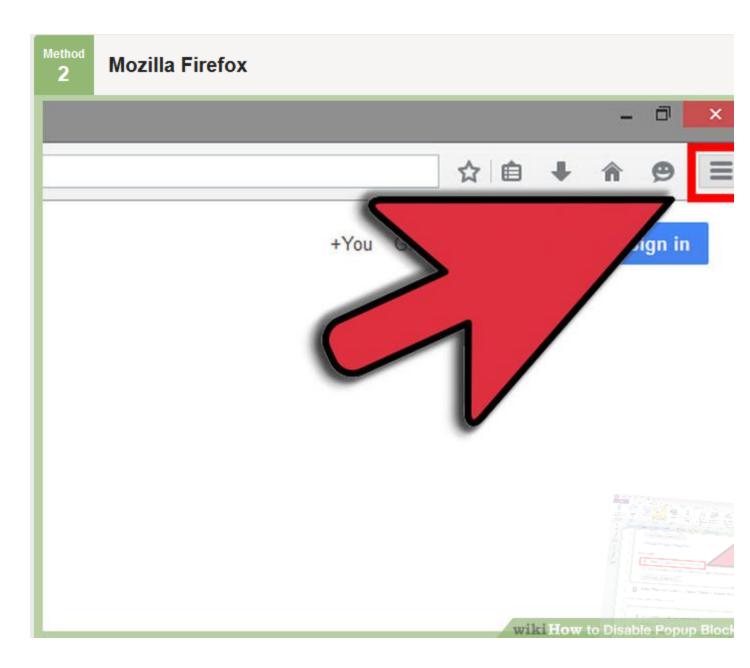

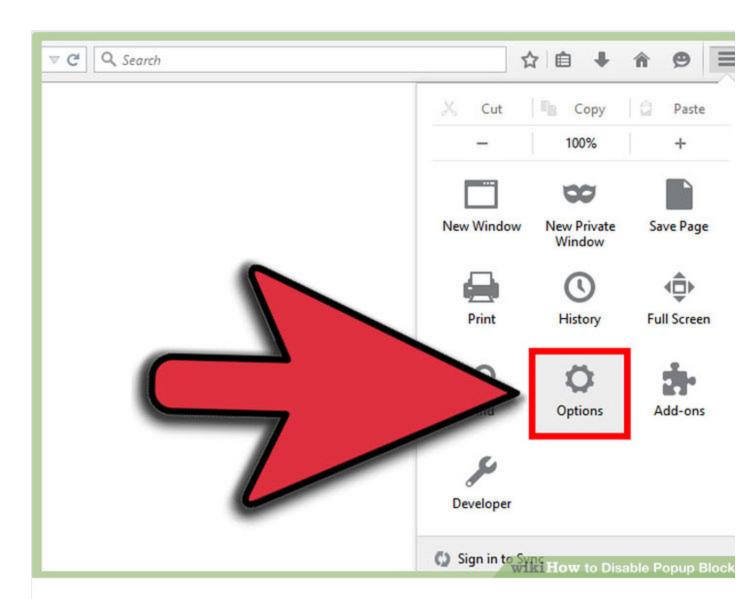

In the "Pop-ups" section, choose "Allow all sites to show pop-ups."

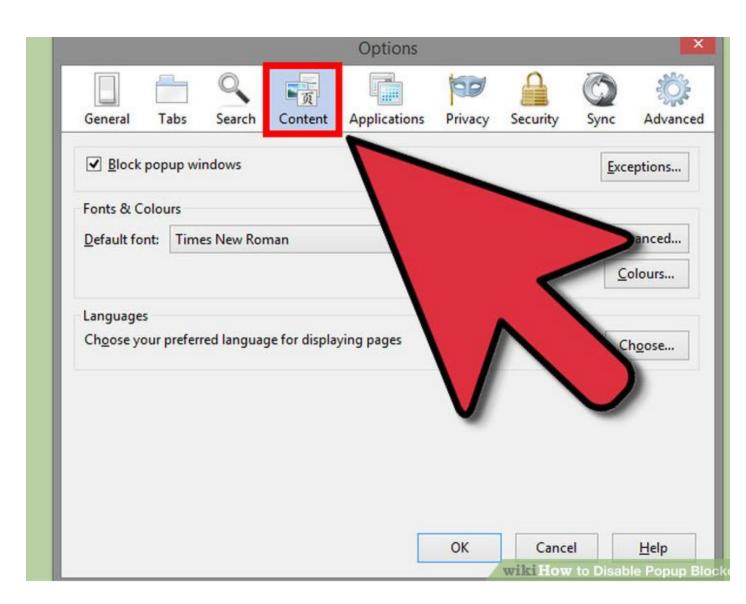

6 If you want to choose which websites to allow and still keep the blocker functionality, under the Pop-ups section, choose "Manage exceptions" instead.

Write down a list of websites you don't want Chrome to automatically block.

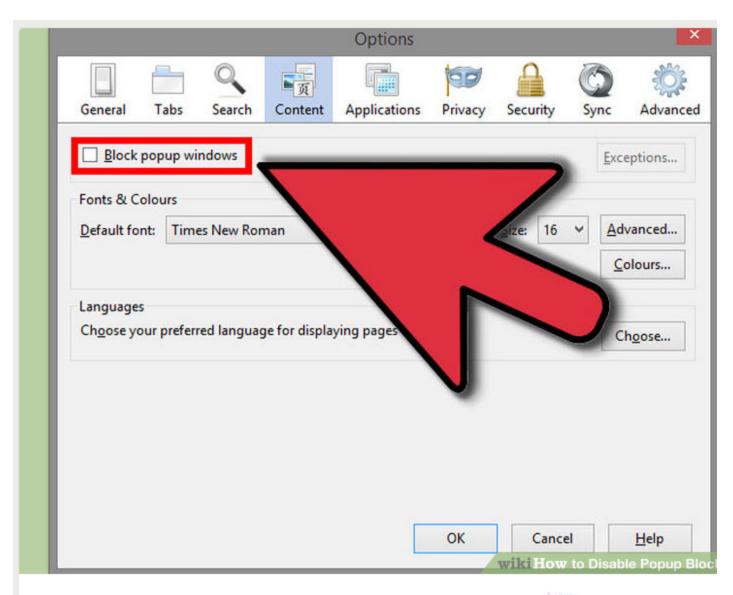

2 Select "Preferences."

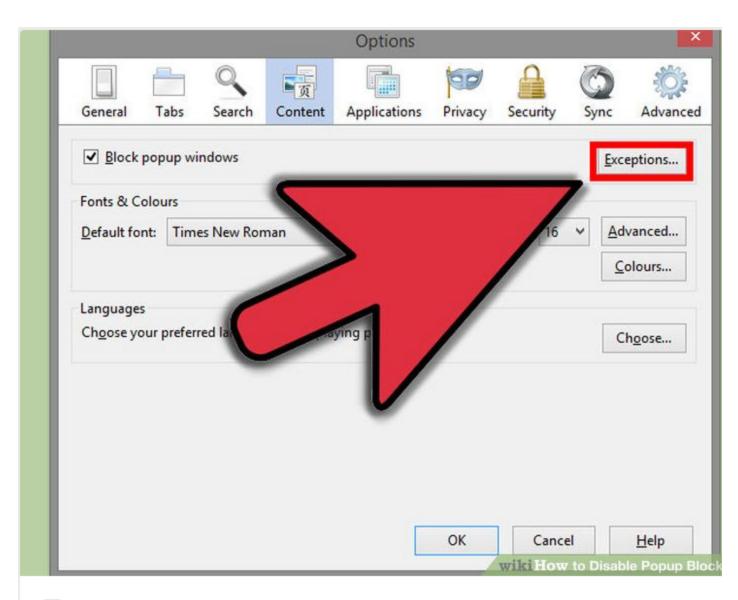

3 Navigate to the Content tab.

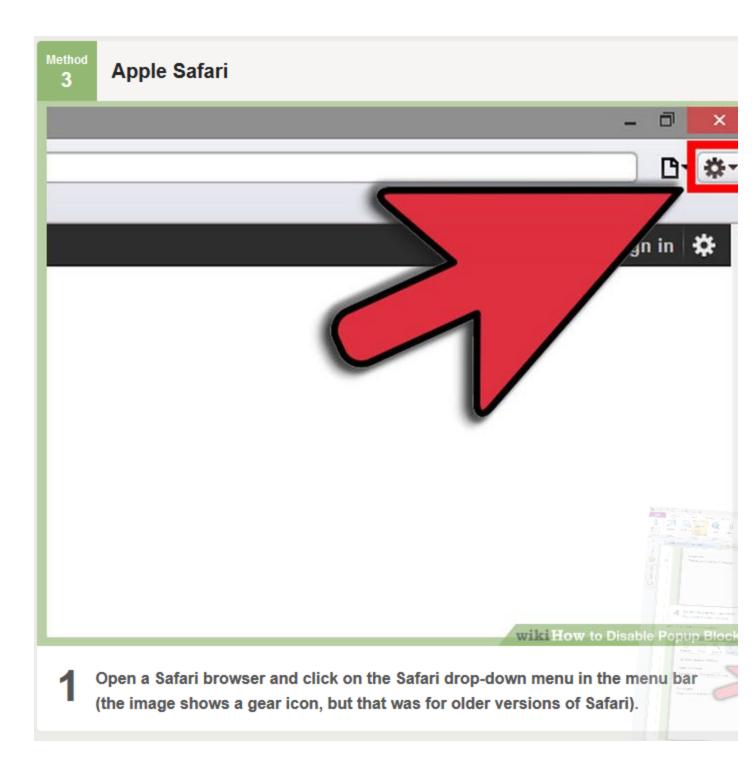

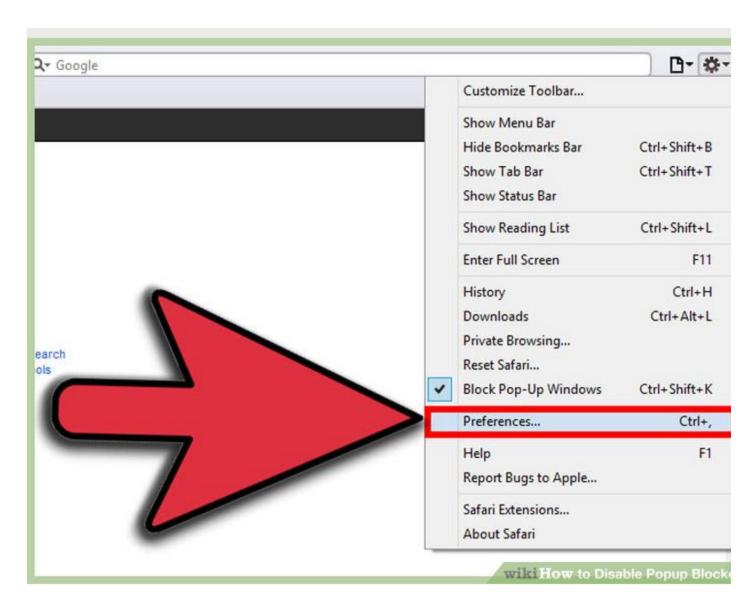

On the first option, uncheck the "Block pop-up windows" box. This will disable the popup blocker function.

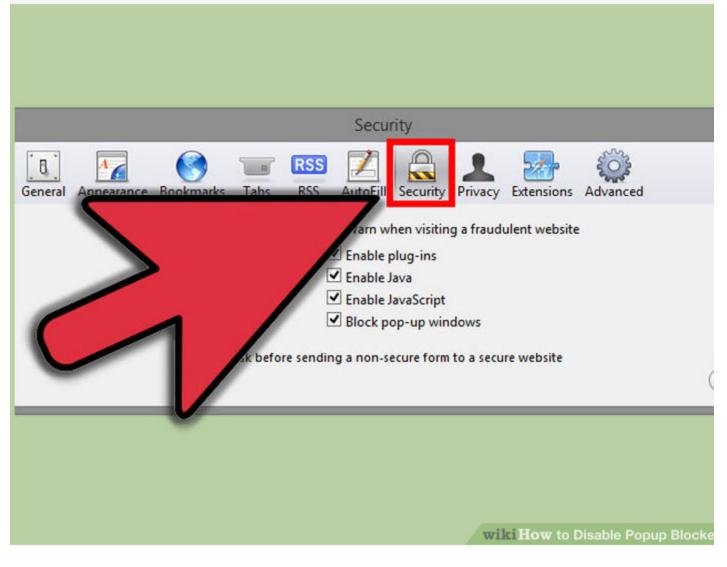

If you want to choose which websites to allow and still keep the blocker functionality, to the right, choose "exceptions" instead. Write down a list of websites you don't want Firefox to automatically block.

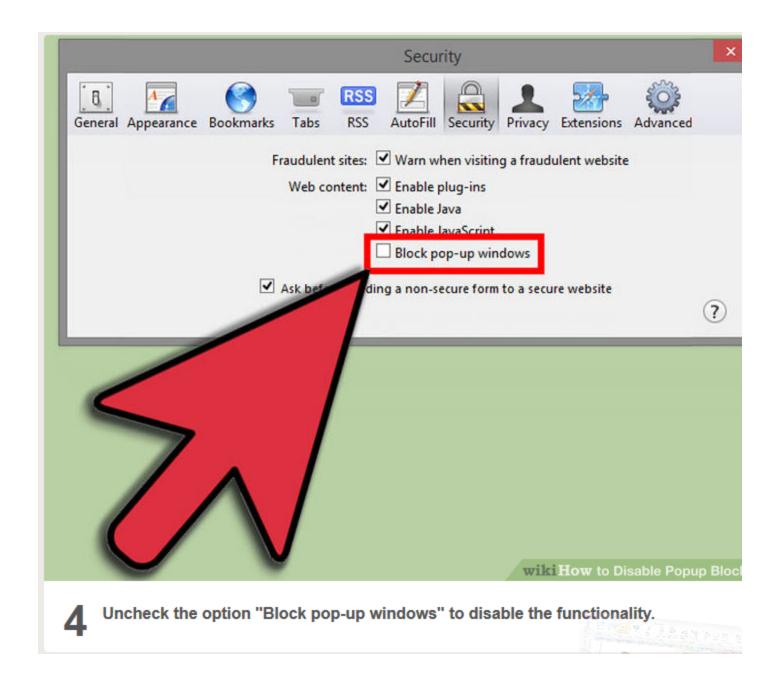

Prom the dropdown menu, select "Preferences."

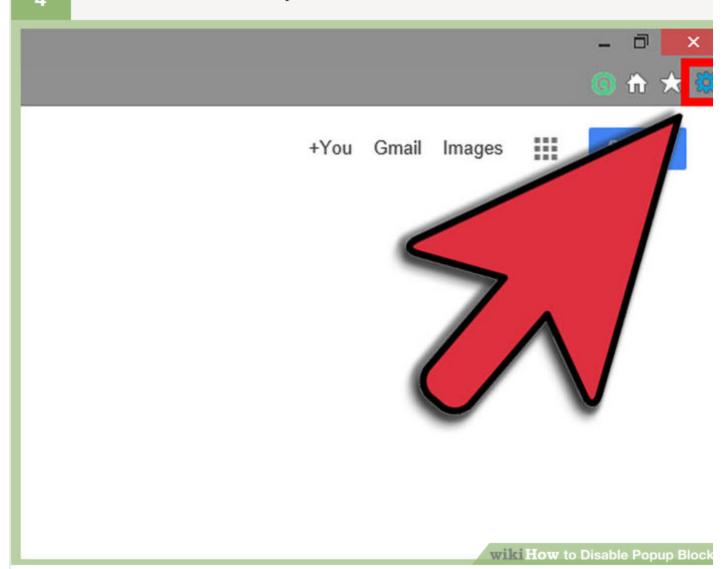

3 Once in Preferences, go to the Security tab.

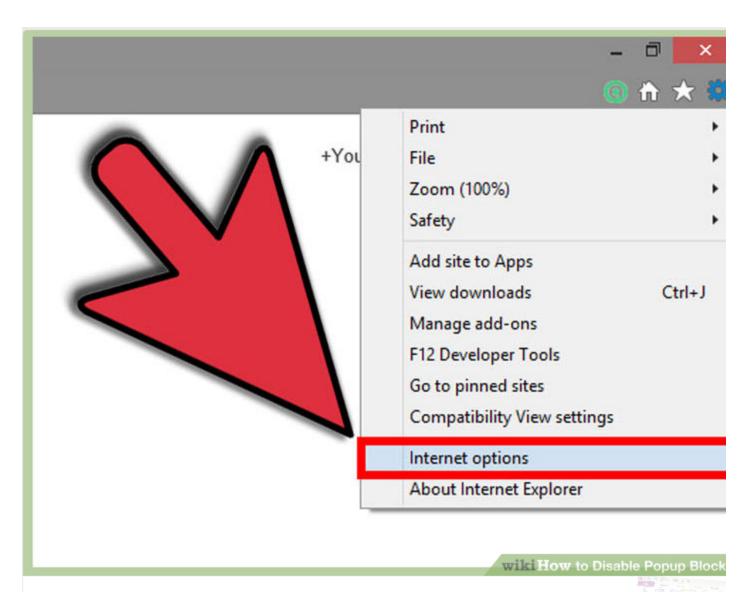

You cannot manage exceptions in Safari. You either block all websites from displaying popups or none at all.

Method 1

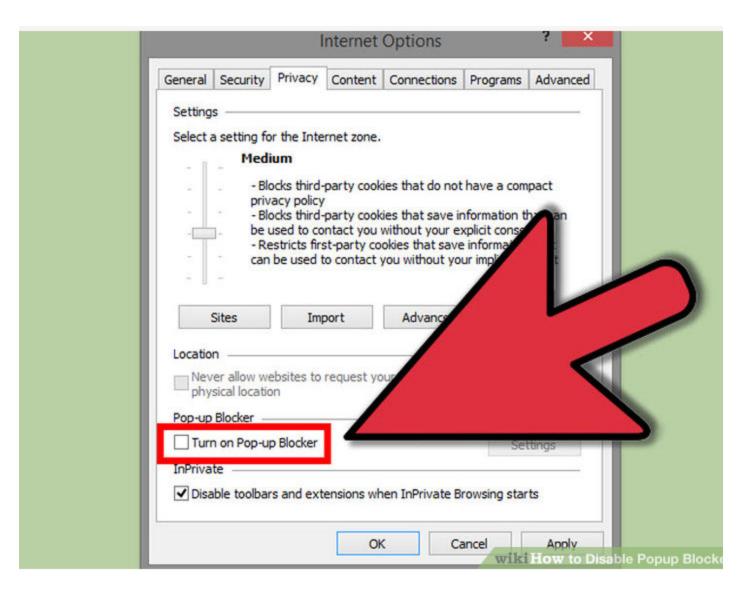

Microsoft Internet Explorer

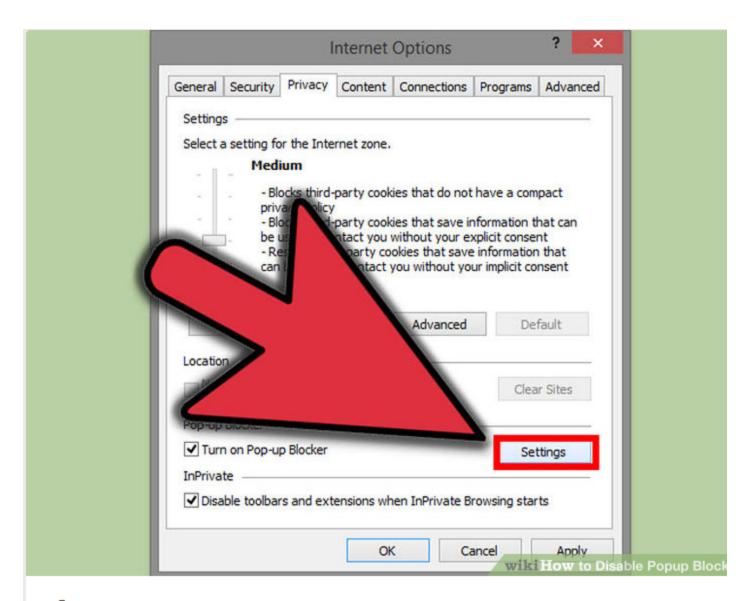

Open Internet Explorer and click on the Tools button.

2 Click on "Internet options".

Click Turn Off Pop-up Blocker to disable the functionality.

If you want to choose which websites to allow and still keep the blocker functionality, click "Pop-up Blocker Settings" instead. Write down a list of websites you don't want Internet Explorer to automatically block.
