

Minors in Laboratories or Similar Facilities at UTA

Monitor's Responsibilities during Covered Activities

Monitor of covered Minor(s):

- Confirms that all mandatory prior coordination has been completed by the covered Minor's Mentor.
- Ensures that the max # of covered Minors allowed to participate in covered activities in laboratory is not exceeded at any one time.
- Ensures that the covered Minor has received and understands all safety training required by Environmental Health and Safety (EH&S) and all laboratory-specific guidelines and protocols, including the use of personal protective equipment (PPE).
- Supervises the covered Minor at all times.
- Ensures that the covered Minor participates only in the itemized covered activities.
- Ensures that the covered Minor is always in compliance with Minors in Laboratories or Similar Facilities Policy, the program materials/EH&S safety requirements/ laboratory-specific guidelines (EH&S contact info: ehsafety@uta.edu, or 817-272-2185) and any Institutional Animal Care & Use Committee (IACUC) restrictions, directives, and/or required training concerning ABSL-1 and/or ABSL-2 laboratories.
- Immediately notifies the Mentor, Laboratory Supervisor and EH&S of the following:
 - Misconduct by covered Minor(s)
 - Any damages, safety concerns, injuries, or similar incidents relating to covered Minor's participation in covered activities or presence in the laboratory
