

Security

If an event, meeting, activity, or program is judged by the Student Centers and Dining Management office personnel, or any other department on campus, to require U.T. Arlington Police presence that decision will be honored by all users of Brazos Park, Commons, and University Center. In that case, it will be the responsibility of the organization planning the event, meeting, activity, or program to make those arrangements and pay for those services offered by the U.T. Arlington Police Department.
