

North Texas Community Cleanup Challenge

As the FIFA World Cup™ comes to North Texas, let's make our community shine.

We're proud to support the North Texas Community Cleanup Challenge, a friendly regional competition to reduce litter and protect our environment.

From March through May, residents, schools, businesses, and community groups are invited to organize or join cleanup events and log every piece of trash collected.

Communities will compete to collect the most litter per resident and earn the Cleanup Challenge award – a symbol of pride, stewardship, and teamwork.

Let's show the world that North Texas takes pride in its community – clean, green, and ready for the FIFA World Cup™ and beyond.

This Effort Helps:

- ✓ Beautify neighborhoods and public spaces
- ✓ Protect waterways and wildlife
- ✓ Create a lasting environmental legacy for the World Cup

How to Participate:

- ✓ Organize or join a local cleanup
- ✓ Log your efforts in the Texas Litter Database
- ✓ Share your impact and help your community rise to the top
