

Public Information

The Planning Accreditation Board requires this information be posted for the Master of City and Regional Planning (MCRP) program at the University of Texas at Arlington

Student Achievement

Percentage of the 2024-2025 MCRP graduate students' theses or final professional projects rated Pass (75% - 85%) or High Pass (85% or better) in overall performance based on a 12-item rubric: All, 100% students achieved a High Pass or Pass.

This result was based on the Overall Assessment Rubric used to rate the thesis or project and its oral defense by a three-person Thesis/Professional Report Supervisory Committee. The 12-item rubric measures the ability to formulate a planning investigation question, design a plan of action, generate evidence, assess results, propose a solution, and publicly articulate their findings.
