PROGRAM OVERVIEW

The Master of Science in Accounting program is designed to prepare students for professional careers in the public, private, or governmental sectors. Through an intensive and leading-edge curriculum, students earn a comprehensive education built to prepare graduates to become a Certified Public Accountant (CPA). Offered weeknights in Arlington, the 31-credit hour MS Accounting program provides high quality and challenging instruction focused on a thorough understanding of accounting for students with an undergraduate degree in accounting. Building on the experience and coursework of an undergraduate accounting degree, students gain the quantitative, analytical and research skills needed for careers as accountants.
