PROGRAM OVERVIEW

The MS in Health Care Administration program is designed to provide an understanding of the modern health industry. Graduates of this program gain the knowledge, skills, and abilities to assume administrative roles in various health organizations, interact with diverse specialists, and evaluate and resolve administrative problems. This 45-credit hour cohort style program available in both Dallas and Fort Worth prepares leaders to meet the administrative demands of the fast-paced and ever-changing health care industry. Health Care Administration students complete a comprehensive curriculum lead by faculty members who have joined the university after years of patient care and administrative hospital experience.
