

Class Choice Help: General Core Curriculum

2025-2026 *some courses may be revised when the 2025-2026 University Catalog is published

The elective courses listed below are part of the General Core Curriculum for a bachelor's degree at UTA and are required for all College of Business degree plans. If you have already completed a course that transferred to UTA as an equivalent to one of the courses listed for each category, it will be reflected in your MAP (Maverick Academic Progress) Report, located on your MyMav account. Advisors will mark these courses as satisfied on your degree worksheet. Courses that do not transfer to UTA as equivalent or Core-coded may be reevaluated by the UTA Transfer Articulation Team. Students must submit a Transfer Evaluation Request on MyMav (My Forms tab) and attach a complete syllabus of the original course for review and final determination. The College of Business does not make determinations on these courses.
