3 credit hours		SOCW 5308 Research and Evaluation Methods	
26 Total Credit Hours in Foundation Courses			

Students must finish their foundation courses or have Advanced Standing (with BSW) before taking Advanced Year courses below, with some exceptions

Initials

I understand I must earn a **3.0 GPA** to begin my placement practicum, **and** I understand I must have a 3.0 GPA to graduate. At the end of my last semester if I have not earned an overall 3.0 GPA, I will not be eligible for my MSW degree, in other words I do not qualify for completion of the program.

Initials

My advisor has provided me with the curriculum-at-a-glance document so I can start to strategize my concentration for my specialty year. I understand that prior to the completion of my Foundation coursework, I should also review Map for the Journey on information about each concentration and that I understand how and when to declare my concentration.

Initials

I understand that to apply for practicum, I need to do this through Tevera. I will receive an email with instructions. To apply for practicum, I understand I will have to pay a one-time fee for Tevera that covers my entire MSW degree (\$225 through Tevera or \$272 through the bookstore; paying through the bookstore allows the fee to be charged to student's financial aid).

Initials

I understand that if I select a Block practicum, this means that I complete my practicum in one semester (instead of two semesters – also known as split practicum).
