MAVERICK CREED

As members of The University of Texas at Arlington community, we live our shared values of collaboration, belonging, excellence, innovation, and integrity in a way that fosters community and cultivates mutual respect.

In addition to our shared values, our Maverick Creed affirms:

- The promise of respect towards all persons,
- The right for every person to participate in the free exchange of thoughts and opinions,
- The belief that openness to learn from differences in people, ideas, and opinions can cultivate an environment of excellence, and
- The value of honesty and transparency to sustain an environment of mutual respect.

INTRODUCTION

The University of Texas at Arlington (UTA) believes that fraternities and sororities are an integral part of the community and provide an opportunity for the development of lifelong friendship, academic support, leadership development, and engaging in philanthropy and community service. Fraternities and sororities represent a feeling of true acceptance. A sense that you really belong. The encouragement of people who genuinely care. The connection to something that will last way beyond your college years. Fraternities and sororities at The University of Texas at Arlington empower students to fulfill their potential. We are focused on empowering UTA students to prepare for their careers, their life, and their potential. We want you to meet our people, to understand our purpose, and to hear our stories of the way our organizations have embraced and empowered us.

The mission of the University of Texas at Arlington states that we are “committed to the promotion of lifelong learning through academic and continuing education programs and to the formation of good citizenship through community service-learning programs. The diverse student body shares a wide range of cultural values and the University community fosters unity of purpose and cultivates mutual respect.” In support of the University’s mission, the Office of Fraternity & Sorority Life (herein referred to as Office of F&SL) seeks to maintain a positive relationship with the University through positive interactions and collaborations with colleagues.

PURPOSE OF THE F&SL HANDBOOK

This handbook provides policies, procedures, and processes for members of the fraternity and sorority community, their organizations, and volunteers. The Fraternity and Sorority Life (F&SL) Handbook is used in conjunction with the Student Organization Handbook, The University of Texas at Arlington Handbook of Operating Procedures, and any additional University policies and procedures.

The F&SL Handbook is a document written and reviewed in collaboration with the governing councils, organizations, and with the Office of F&SL staff. The handbook review committee, comprised of students and alumni, reviews the Handbook on an annual basis to ensure that it reflects national standards, best practices and contains current information.

FRATERNITY & SORORITY LIFE COMMUNITY PILLARS

Fraternity & Sorority Life has a core set of values that are Pillars of the Fraternity & Sorority Life community at UTA.

- **Lifelong Friendship** – Joining a fraternity or sorority is the beginning of a new experience with new friends and the creation of a home away from home. By joining a fraternal organization, members become part of a larger national organization and find that they have friends and connections all over the world.
- **Philanthropy & Community Service** – In the fraternity and sorority community at UTA, we encourage more than just making new friends within one’s organization. Getting involved on and off campus allows members to engage with their community and give back to those around them.
- **Leadership & Career Development** – UTA offers opportunities for students to become involved. Participation in a fraternity or sorority provides members opportunities to develop leadership and interpersonal skills on campus and within one’s own organization, skills which employers and advanced degree programs look for in their applicants.
- **Academic Support** – Fraternities and sororities provide members an opportunity to earn academic awards, recognition, and scholarships. Each organization offers academic support programs that could require study hours, offer tutoring sessions with other members, or mentoring opportunities.

Any event or activity related to the new member joining process (e.g., recruitment, intake, rush, etc.) must be substance free. No alcohol or drugs may be present if the event or activity is related to new member activities, meetings, or initiation into an organization, including but not limited to "bid day/night," "big/little" events or activities, "family" events or activities and any ritual or ceremony.

- Hazing: Any violations of the Texas state law and The University of Texas at Arlington policy.
- New members not completing required education (e.g., new member convocation)

H. UTA Hazing Policy

Hazing is prohibited by state and federal law. Hazing is defined as engaging in any intentional, knowing, or reckless act, occurring on or off campus of an educational institution, by one person alone or acting in concert with others, directed against another person or persons regardless of the willingness of such other person or persons to participate, committed in the course of pledging, being initiated to, affiliating with, holding office in, or maintaining membership in any university student organization whose members are or include students at UTA, and causes or creates a risk, above the reasonable risk encountered in the course of participation in the student's education at UTA or the university organization, of physical or psychological injury.

The term organization means a fraternity, sorority, association, corporation, order, society, corps, club, or student government, a band or musical group or an academic, athletic, cheerleading, club sports team, or dance team (including both varsity and junior varsity), including any group or team that participates in National Collegiate Athletic Association competition, or a service, social, or similar group, in which two or more of the members are students enrolled at the University regardless of whether the organization is established or recognized by the University.

The term hazing includes, but is not limited to, any type of physical brutality, physical activity, activity involving consumption of food, liquid, drugs, or alcohol; activity that intimidates or threatens the student; any activity that induces, causes, or requires the student to perform a duty or task which involves a violation of the law; any activity that subjects the student to extreme mental stress, shame, or humiliation; any activity that adversely affects the mental health or dignity of the student or discourages the student from entering or remaining registered in the university; or that may reasonably be expected to cause a student to leave the organization or the university rather than submit to acts described in this section. Examples may include, but are not limited to:

- Any type of physical brutality, such as whipping, beating, striking, electronic shocking, placing of a harmful substance on someone's body, or similar activity;
- Causing, coercing, or otherwise inducing sleep deprivation, exposure to the elements, confinement in a small space, extreme calisthenics, or other similar activity;
- Causing, coercing, or otherwise inducing another person to consume food, liquid, alcohol, drugs, or other substances;
- Causing, coercing, or otherwise inducing another person to perform sexual acts;
- Any activity that places another person in reasonable fear of bodily harm through the use of threatening words or conduct;
- Any activity against another person that includes a criminal violation of local, state, tribal, or federal law; and
- Any activity that induces, causes, or requires another person to perform a duty or task that involves a criminal violation of local, state, tribal, or federal law.

Hazing with or without the consent of a person, whether on or off campus, is prohibited, and a violation of that prohibition renders both the person inflicting the hazing and the person submitting to the hazing subject to discipline. Knowingly failing to report hazing can subject one to discipline. Initiations or activities of organizations may include no feature that is dangerous, harmful, or degrading to the person, and a violation of this prohibition renders both the organization and participating individuals subject to discipline.

This hazing definition, including the definition of an organization, can be found in the Student Conduct and Discipline Policy (SL-SC-PO-01). Note, as part of the regular review process, this Policy will be updated to match the language provided above prior to the start of the 2025-2026 academic year. Hazing is prohibited by federal law (20 USC § 109) and by Texas state law (Tex. Ed. Code § 51.936 and §§ 37.151 - 37.157).

Under the law, individuals or organizations engaging in hazing could be subject to fines and charged with criminal offenses. According to the law, a person can commit a hazing offense not only by engaging in a hazing related activity, but also by soliciting, directing, encouraging, aiding, or attempting to aid another in hazing; intentionally, knowingly, or recklessly allowing hazing to occur; or by failing to report firsthand information that a hazing incident is planned or has occurred in writing to the Vice President for Student Affairs or Dean of Students office. The fact that a person consented to or acquiesced in a hazing activity is not a defense to prosecution for hazing under this law.

I. Hazing Amnesty Policy

According to Senate Bill 38, made effective September 1, 2019, Amnesty can be provided to any person who voluntarily reports a specific hazing incident if they report the incident before being contacted by the institution or otherwise being included in the investigation as well as they cooperate with the institution throughout the process. However, this does not apply for those that reports a hazing act they have committed or reports in bad faith.

What is a Third-Party Vendor?

Examples of Third-Party Vendors include bars, restaurants, catering companies, hotels, etc. Third Party Vendors are NOT individuals who work as bartenders. Any events/activities with alcohol must be hosted at a third-party vendor.

Planning the Third-Party Vendor Event

Have you reviewed your organization's contract with the Third-Party Vendor?

Yes or No

It is recommended that you reach out to your headquarters for contract questions and review.

The contract should be signed and dated by both the person authorized by your respective organization (i.e., organization president, advisor, etc.) and the vendor. In doing so, both parties understand that only through compliance with these stipulations will the organization be in compliance with Inter/national fraternity requirements. (see [Contracts Template for Third Party Vendors](#) if a Vendor does not present a contract to you.)

Building a Guest List

Do the math, check your headquarters policy for member to guest ratio at events where alcohol is present.

How many members and new members do you plan to have at the event?

How many guests per member/new member will you allow at the event?

This is the total number of guests you can invite to your event

X

=

The total number of attendees (members and guests) should not exceed fire code capacity for the venue.

1. Figure out how members will add names to the guest list.
 - ☐ Spreadsheet or Sign-Up List
Create a spreadsheet and allow members to add guests' names. Bring the list to an organization meeting or post it online. Each member and new members' name should be on the list next to a blank space for each guest they are allowed to invite [Remember: three guests per member/new member].
 - ☐ Numbered Invitations
Distribute numbered invitations to each member/new member to give to their guests. These invitations should be printed professionally or created in a way so they cannot be easily copied. Tickets cannot be sold or bartered. Keep a list with each member/new member's name on it and the numbers of the invitations they were given. During the event, keep a sign-in sheet at the door and write the guest's name next to the invitation number as s/he turns in the invitation
 - ☐ Online Ticket System (e.g., Eventbrite, Facebook, etc.)
Create a closed [non-recurring] event with a specific start and end time. Do NOT allow friends to extend the guest list. Set the Privacy to "Invite Only." A designated officer [e.g., Risk Management Chairman] should be set as the Host and administrator for the event. Each member/new member should submit the names of guests to the Host for invitation to the event OR the Host should designate a specific period during which members will be given access to add guests to the event.
 - ☐ Other [Describe]: _____
2. How many hours in advance will the guest list be closed? _____
Suggested organizational guidelines recommend the guest list be closed at least 24 hours prior to the event.

Managing the Event

1. Who will your officer in charge be for the event? _____
2. How many event monitors will you have at the event? _____

Name	Phone	Name	Phone
Name	Phone	Name	Phone
Name	Phone	Name	Phone

5. How will you identify event monitors during the event so a member/guest could easily recognize them?

FRATERNITY & SORORITY LIFE

**EXPANSION/
(RE)ESTABLISHMENT
PLANNING**

PHILOSOPHY STATEMENT

The University of Texas at Arlington supports intentional and sustainable growth within the fraternity and sorority community. Expansion allows the community to grow in a way that provides opportunities for student involvement while maintaining the health, stability, and values of Fraternity and Sorority Life.

The expansion process ensures that any organization seeking to (re)establish a chapter demonstrates the ability to contribute positively to the campus community, support student development, and operate in alignment with university policies and expectations. Expansion decisions are guided by the Office of Fraternity and Sorority Life and the University and are made in consultation with the appropriate governing council and campus partners.

EXPANSION GUIDING PRINCIPALS:

The Office of Fraternity and Sorority Life periodically evaluate the community to determine the health of the community. This evaluation focuses on the overall health and sustainability of the fraternity and sorority community.

Factors considered may include:

- Undergraduate enrollment trends
- Student interest in joining fraternities and sororities
- Recruitment and intake outcomes
- Average chapter size across councils
- Retention and graduation rates of members
- Capacity of campus resources and support structures
- Interest from national or international organizations

Expansion may be delayed or paused when the fraternity and sorority community is not positioned for healthy growth.

Circumstances that may delay expansion include:

- Significant conduct or risk management concerns within the community
- Limited staffing or campus resources to support additional organizations
- A university or council level moratorium on expansion

MORATORIUM ON EXPANSION

The Office of Fraternity and Sorority Life or university may place a temporary moratorium on expansion when necessary to maintain community stability. A moratorium may occur for reasons including:

- A period of community restructuring or policy review
- Campus concerns related to risk management or student conduct
- Limited resources available to support new chapters

During a moratorium, the university will not accept expansion applications or invite new organizations to join the community. The moratorium may be lifted once the Office of Fraternity and Sorority Life or university determines the community is prepared for growth.

ELIGIBILITY FOR EXPANSION:

Organizations seeking to establish a chapter must meet the following requirements:

- Affiliation with a recognized national or international fraternity or sorority organization
 - We do not accept local fraternities and sororities
- Demonstrated financial stability and national infrastructure
- Affiliation with recognized insurance companies that provide coverage to the organization
- Ability to provide support for the colonization process
- Alignment with the mission and values of the university and Fraternity and Sorority Life

Organizations must also agree to follow all university and office policies, council governing documents, local and state laws, and risk management expectations. Organizations that fail to follow the outlined policy will not be considered social fraternities and sororities and therefore will not be recognized as such by the Office of Fraternity & Sorority Life, the Office of Student Organizations and the University.

All fraternity and sorority organizations must be recognized by an F&SL governing council, the Office of F&SL, and the Office of Student Organizations to be considered in good standing with the university. All interested organizations should review council expansion policies as well as the Student Organization Handbook before moving forward in the expansion process.

SUBMISSION OF EXPANSION FORM

This form must be submitted by a Regional or National representative of the Organization that has the authority to approve expansion on behalf of the organization. The form will require the following:

- Contact Information (First Name, Last Name, Title, Email, Phone Number)
 - a. Headquarters
 - b. Regional/District
 - c. Local
- Indicate Council of Interest
- Submit Letter of Interest (Must include a regional or HQ signature, organization's letterhead, and indicate the extent of local alumni support)
- Submit Copy of (Inter)National Constitution and Bylaws
- Submit Copy of (Inter)National Risk Management Policy
- Submit Copy of (Inter)National Recruitment and New Member Education/Intake Policies and Procedures

APPLICATION REVIEW

- Completed UTA Expansion forms are reviewed by staff members and council of interest.
- Council Approval Process
 - a. Each council has their own specific approval process as dictated at a national or local level; below are overviews not specifics.
 - i. Selected organizations may be invited to campus to present to the Expansion Review Committee and members of the fraternity and sorority community.
 - ii. Presentations typically include:
 - Organizational values and member experience
 - Leadership development programs
 - Recruitment or intake plans (including goal timeline for expansion)
 - Alumni and advisor involvement
 - Plans for community engagement
 - iii. Community members may be invited to attend these presentations and provide feedback.
 - iv. Council of interest conduct a vote of support/approval

INVITATION TO EXPAND

Based on the review process, the university may extend an invitation to one or more organizations to establish a chapter. The invitation will outline:

- Colonization expectations
- Required campus partnerships
- Timeline for recruitment or intake
- Advisor requirements
- Expectations for council participation

Final approval may require agreement from the governing council the organization will join.

NEW CHAPTER ESTABLISHMENT

Organizations invited to join the community will begin an establishment period. During this time, the organization works with its national headquarters and the Office of Fraternity and Sorority Life to establish a sustainable chapter.

Expectations during the establishment period may include:

- Recruiting and educating founding/recharter members
- Identifying and onboarding a faculty/staff advisor
- Participating in governing council meetings

- During the first semester, or until a founding/recharter line/class, organizations are not required to attend council meetings, events or programs as well as pay dues. However, they are also not allowed to vote on legislation.
- Attending leadership development and risk management education
 - During the first semester, or until a founding/recharter line/class, organizations are not required to attend Fraternity and Sorority Life requirements unless explicitly requested to.
- Engaging in campus and community involvement opportunities
- Must be a registered student organization with the first three semesters, or once officers have been elected whichever comes first.
 - If the organization fails to become a registered student organization due to lack of paperwork or recruitment/intake they may be asked to reapply
 - Organizations that fail to meet the timeline may also not be allowed to program or request resources until completion of paperwork is submitted and approved by the Office of Student Organizations.

FULL RECOGNITION

A new chapter will receive full recognition once it:

- Elect's officers
- Has an active MavEngage Page as a recognized student organization at UTA
- Meets all Office of F&SL and the Office of Student Organizations
- Meets all council requirements including paying dues, engaging in legislation, and meeting all council requirements.

Formal recognition typically does not have to coincide with the national organization granting a charter to the chapter.

COUNCIL SPECIFIC EXPANSION PROCESSES

Because each governing council operates differently, expansion procedures may vary slightly.

Interfraternity Council (IFC)

All IFC member chapters will actively support the responsible growth of other NIC fraternities provided that each organization follows Responsible Growth Protocols such as proactively communicating with campus administration and IFC; considered readiness assessment of campus and does not have any outstanding conduct or safety violations with the campus.

Panhellenic Council (PHC)

Panhellenic expansion follows the guidelines of the National Panhellenic Conference. Expansion may occur when campus total and recruitment trends indicate a need for additional organizations.

National Pan-Hellenic Council (NPHC)

NPHC organizations historically establish chapters based on demonstrated student interest and approval from their national organization. Expansion typically occurs through an interest group or colony process coordinated with the national organization and the Office of Fraternity and Sorority Life.

Multicultural Greek Council (MGC)

Expansion within the Multicultural Greek Council may occur when a national organization identifies student interest and works with the university to establish a chapter. Expanding organizations must align with their National umbrella policies for expansion, if applicable. Organizations must demonstrate cultural relevance, sustainability, and alignment with council expectations.

UNIVERSITY AUTHORITY

The Office of Fraternity and Sorority Life and the University of Texas at Arlington maintains final authority regarding expansion decisions. The university reserves the right to:

- Pause or cancel expansion processes at any time
- Deny applications that do not align with institutional priorities
- Establish additional requirements for organizations seeking expansion

All expansion decisions are made with the goal of maintaining a healthy, sustainable fraternity and sorority community.

SAMPLE TIMELINE

The following timeline outlines the recommended process for organizations interested in expanding into the Fraternity and Sorority Life community. Timelines may vary depending on council guidelines and institutional considerations.

- **Initial Exploration (Minimum Three Long Semesters Prior to Expansion)**
 - Organizations interested in establishing a chapter should begin by connecting with the Office of Fraternity and Sorority Life at least three long semesters prior to their desired expansion term. These conversations allow the organization and the university to discuss community readiness, expectations, and the overall expansion process.
- **Expansion Interest Submission (Minimum Two Long Semesters Prior)**
 - Organizations should submit the expansion interest form at least two long semesters prior to the semester in which they hope to begin expansion. During this time, organizations should also review and follow any expansion procedures required by the governing council they seek to join.
- **Review and Decision (Minimum Two Long Semester Prior)**
 - The University and Office of Fraternity and Sorority Life, in consultation with the appropriate council, will review the request and communicate an approval or denial approximately one long semester prior to the proposed expansion term.
- **Pre-Expansion Planning (Long Semester Prior to Expansion)**
 - If approved, the organization will meet monthly with a Fraternity and Sorority Life staff member to prepare for expansion. These meetings will focus on planning timelines, communication strategies, campus announcements, space reservations for new chapter establishment, required documentation, and other logistical needs.
- **First Semester of Expansion**
 - The organization will recruit and establish its founding/recharter membership class or line and begin developing internal leadership by electing chapter officers.
- **Second Semester of Expansion**
 - The organization will complete the new student organization recognition process through the Office of Student Organizations and demonstrate alignment with governing council and Fraternity and Sorority Life expectations.
- **Third Semester of Expansion**
 - The chapter is expected to be fully integrated into the fraternity and sorority community and actively participating in council operations, university and office programs, and campus engagement.

INTEREST GROUPS

The Office of F&SL does not recognize or support the creation of interest groups, without an approved expansion form on file. An interest group is defined as a student- lead movement, with or without support from a national headquarters, petitioning to create a new social fraternity or sorority organization.
